25X1A

Draft: [redacted]

Para 3 c. If the decision of the Panel is that a question exists as to the suitability of an employee or a dependent for the proposed overseas assignment, the Director of Personnel is responsible for so notifying the head of the appropriate Career Service. In the event the head of the appropriate Career Service wishes to appeal the decision, such appeal should be made to the Deputy Director (Support). If no agreement can be reached, further appeal may be made to the Inspector General.

d. Representatives of the DD/I and the DD/P should not sit with these Panels. The Panels should be free to consult with and obtain information from DD/I and DD/P representatives but should not reveal confidential or other privileged information to them purely for reporting purposes. I do not feel that the reasons for a Panel determination need be disclosed to the DD/I and DD/P except at the discretion of the Panel itself.

3. It is felt that these drafts should be reworked to incorporate the above.
